

REPORT

Tiny Scanner

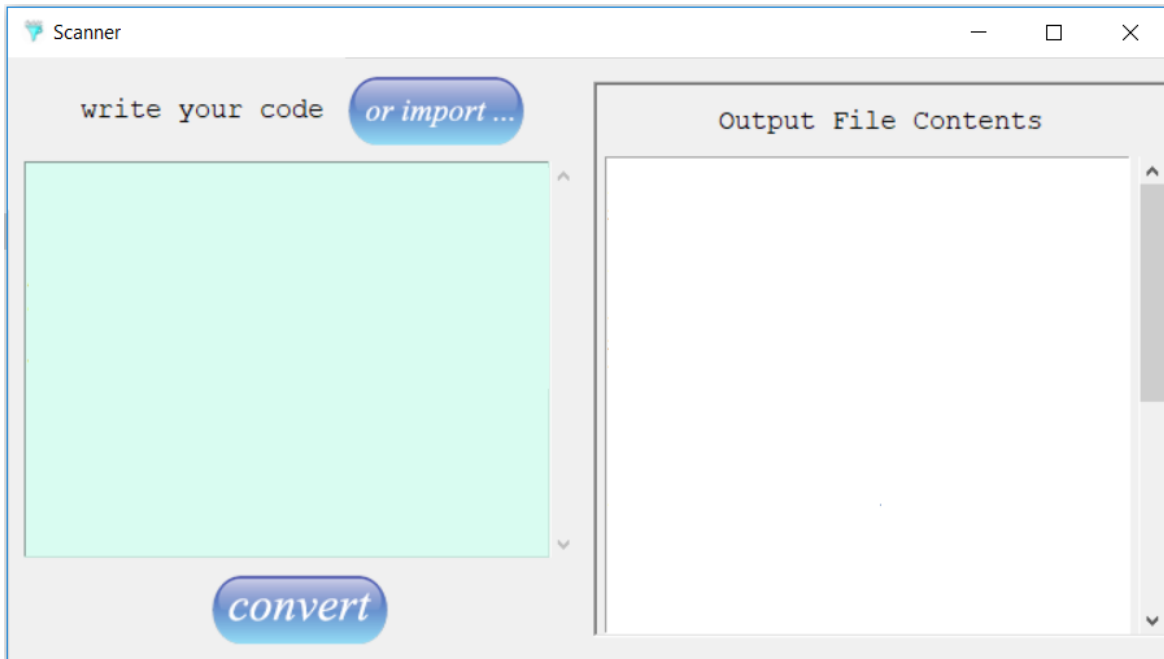

Provided by:

Abdullah Ali El-Sayed

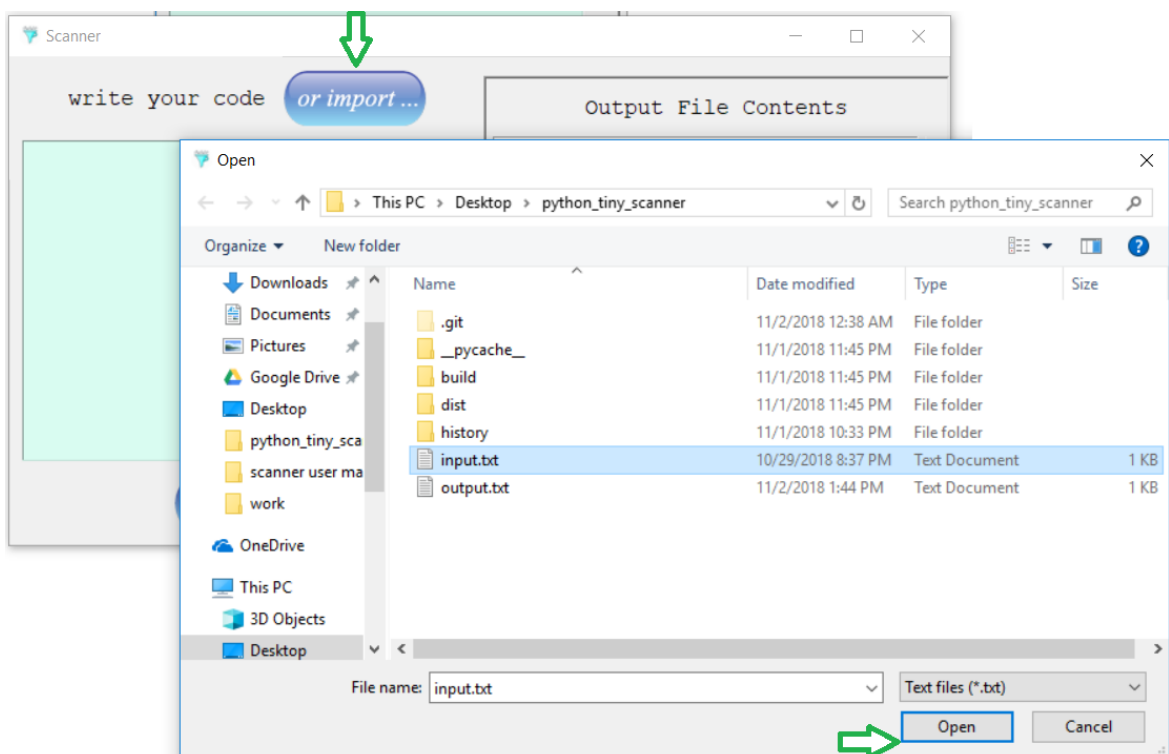

Aladdin Mostafa Ismail

How to use:

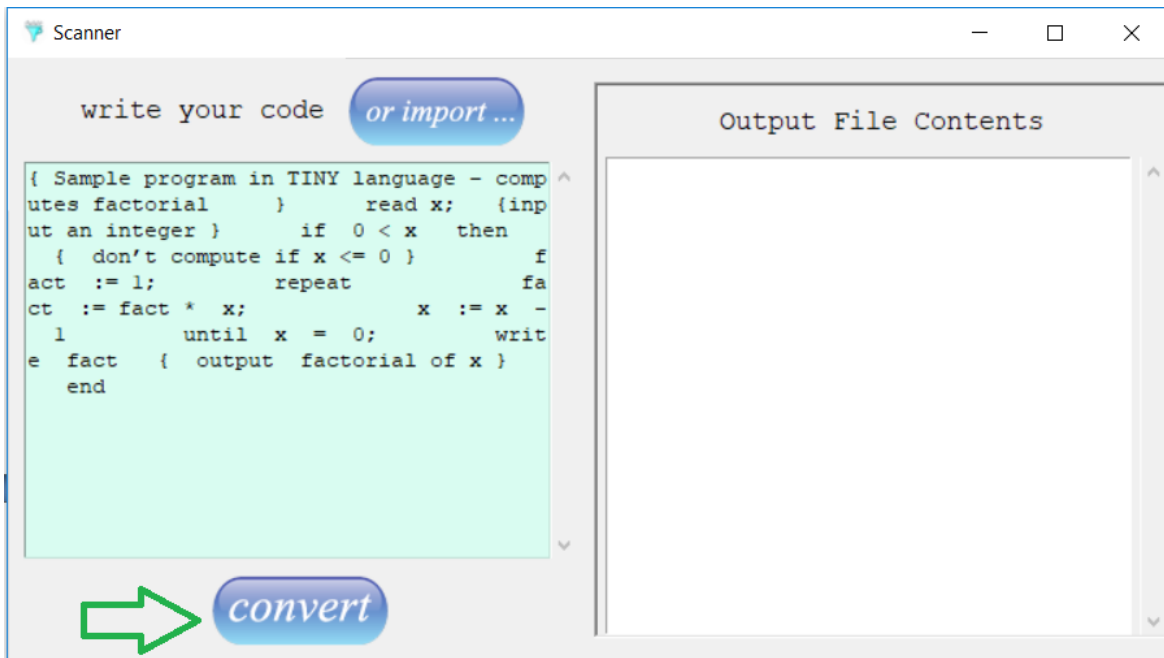

1. After running the .exe file, write the tiny code in the left sky-blue area.

- You can also import the code from a text file.

2. Click on convert button

3. You would be able to see the output in 2 places

- a. GUI right section
- b. Output.txt file that would be created in the same directory.
